Sir,

With reference to the above RTI applications, the information received from respective Division/Section/Person is as follows:-

Reply : It has been observed that the applicant is filing RTIs again and again against Advt. No.01/PC/Tech-2019 dated 07.03.2019 for the post of Technical Assistant repetitively on somewhat similar or little deviated matters and subsequently filing appeal to FAA. This Institute has already been provided all the information to the applicant that is available, through following RTI's

The Applicant, Sh. Vijay Kumar A, was a candidate for the post of Technical Assistant advertised through Advt. No. 01/PC/Tech-2019 dated 07.03.2019 and he was not selected for the same. Further, Sh. Even after providing all the available information he kept on filing RTI application/ First Appeals (as under) on the same subject :-

It is totally evident from above that the applicant is trying to harass the public authority. The RTI Act is a means to advance the public interest by providing information and not a tool to harass the public authority. Employees are expected to devote their valuable time for office work, but they are busy with answering the appellant's multiple RTI applications/ First Appeals on the same/ related subject.

Also, filing multiple RTIs by the applicant on the same subject diverts considerable resources of the Public Authority and it is just to harass the public authority. Therefore, as per CIC decision No.CIC/BS/A/2014/002319-SA dated 18.03.2016 (P/A) also endorsed by CSIR HQs vide Letter No.5-1(126)/2009-PD dated 19.02.2018, **no RTI of the applicant on the subject will be answered.**

In view of the above, if agreed, the Competent Authority, CSIR-CRRI may kindly see for approval so that the CPIO, CRRI and First Appellate Authority, CSIR-CRRI can do the needful.

Submitted for kind consideration and approval please.

प्रश्न संख्या 1

नवोन्मेष के बिना ज्ञान की कोई उपयोगिता नहीं है। नवोन्मेष की प्रक्रिया के माध्यम से ही ज्ञान को समृद्धि एवं जन कल्याण में परिवर्तित किया जाता है। नवोन्मेषक के लिए कुछ भी असंभव नहीं होता। नवोन्मेषक वही देखते हैं जो सब देखते हैं, किन्तु उनकी सोच दूसरों से भिन्न होती है। सच्चे नवोन्मेषक यथापूर्व स्थिति को स्वीकार नहीं करते और वे प्रेरणाओं को समाधानों में और विचारों को कार्यों में परिवर्तित कर देते हैं। ऐसे नवोन्मेषक तैयार करने के लिए जीवन और कार्य के प्रति सर्व-व्यापी मानस परिवर्तन की अपेक्षा रहेगी – निष्क्रियता की संस्कृति को सक्रियता की संस्कृति में, निरर्थकता की संस्कृति को विचारोत्तेजकता एवं कार्य की संस्कृति में, आत्मसंशय को आत्मविश्वास में और निराशा को आशा में बदलना होगा। इंडिया में 'आई' का अर्थ इनोवेशन होना चाहिए।

दूसरों की आस्था का सम्मान करना गांधी जी के दर्शन का हिस्सा था। उनका यह दृष्टिकोण सत्य और अहिंसा के उनके युगल सिद्धांतों का परिणाम था। वे सभी धार्मिक आस्थाओं में सत्य का दर्शन करते थे। मानवता के प्रति उनके प्रेम ने ही उन्हें अन्य सभी से अपने भाइयों की तरह प्रेम करना सिखाया। उनकी धर्म-निरपेक्षता का यही आधार था जिसे हमने भारत के गणतंत्र के सिद्धांत के रूप में स्वीकार किया है। इस युगल संकल्पना में उनका यह दृढ़ विश्वास ही था जिसके कारण वे अस्पृश्यता से घृणा करते थे। उन्होंने बड़े ही दुःखपूर्वक यह जोर-शोर से कहा कि यदि हिन्दुत्व ने अस्पृश्यता का त्याग नहीं किया, तो उसका कोई भविष्य नहीं रहेगा। हम उनके सिद्धान्तों के वारिस हैं और हमें अपने दिलों में झांकना चाहिए कि हमने गांधी जी के दर्शन को अपनी दिन-प्रति-दिन की जिंदगी में कहां तक अपनाया है।

Question No.3

I quickly mixed with the teachers and students, and engaged them in a discussion on self-help. I put it to the teachers that, if they and the boys dispensed with the services of paid cooks and cooked their food themselves, it would enable the teachers to control the kitchen from the point of view of the boy's physical and moral health, and it would afford to the students an object-lesson in self-help. One or two of them were inclined to shake their heads. Some of them strongly approved of the proposal. The boys welcomed it, if only because of their instinctive taste for novelty. So we launched the experiment. When I invited the Poet to express his opinion, he said that he did not mind it provided the teachers were favourable. To the boys he said, 'The experiment contains the key to Swaraj.'

Question No.4

Since plastic takes several years to decompose, it is not environment friendly. It causes environmental pollution. Besides, the burning process in the synthetic material is quite slow and it does not get completely burnt easily. In the process it releases lots of poisonous fumes into the atmosphere causing air pollution. How can this problem be solved? The polybags carelessly thrown here and there are responsible for clogging the drains, too. Sometimes we are very careless and throw the wrappers of chips, biscuits and other eatables on the road or in parks or picnic places. Should we not think twice before doing so? As a responsible citizen what measures do you suggest to keep public places clean and free of plastic? Avoid the use of plastics as far as possible. Make use of bags made of cotton or jute when you go for shopping. The biodegradable and nonbiodegradable wastes should be collected separately and disposed off separately. Practise this in your homes. Can you suggest some other ways in which you can contribute towards reducing the use of plastic materials? It is better to recycle plastic waste. Make a list of items that can be recycled. Develop habits which are environment friendly.

Dear Sir,

It is well known fact that corruption is the most significant reason which is hindering the country's progress. Our Prime Minister Modi promised to provide a corruption free Government to the nation and has taken significant steps in this regard. Your department CSIR passes orders every year for transfer of officers holding sensitive post relating to the possibility of corruption (No. 5-1-(623)2019-PD dated 19/11/19). As a sensitive citizen, just to see how far these orders are actually followed at the ground level in different Govt Departments this RTI is filed.

1. Whether any list of such employees overstaying in the same post has been made after the issue of this order? If yes a copy may be provided.
2. If no, who is responsible for that? Is there any provision for punishment for indulging in corruption against the person responsible?
3. Whether organisations under your control were asked to send list of such employees staying in these sensitive posts for more than the stipulated time? If yes which organisation did not send? Any responsibility fixed on the head of the organisation?
4. A list of engineers and purchase officers placed in different organisation under your control indicating their continuous stay at the same post in the same organisation may please be provided.

Rs.10/- (Rs Ten only) is sent herewith as the requisite fee for the RTI, the reply may please be provided within the stipulated time as per rule provision.

Thanking you in anticipation,

Sir,

With reference to the above RTI applications, the information received from respective Division/Section/Person is as follows:-

Reply : As pointed by in our earlier reply (vide Ref. (ii)) to the RTI applicant based on the maiden attempt made by CSIR-CRRI, Indian Highway Capacity Manual (Indo-HCM) was published in 2018 sponsored by Council of Scientific and Industrial Research (CSIR), New Delhi under the erstwhile, XII Five Year Plan.

The query of the applicant in terms of consideration of 'vehicle occupancy' in the next version/revision of Indo-HCM needs exhaustive research requiring sizable funding to the tune of around Rs.15 crores.

As such, CSIR-CRRI is not able find any organisation which can fund the above research project and hence did not submit to any agency seeking for funding. Moreover, it may be noted that the present research mandate of CSIR is towards the development of products and technologies. Since the revision of Indo-HCM does not fall under the above clause, it is not possible to approach CSIR either seeking for funding.

In case, you are not satisfied with above information, you may refer an appeal to Mrs. Neelima Chakraborty, FAA, RTI.

Dear Sir,
Subject: RTI application.

Attached is a copy of your letter dated 14/1/19. It was mentioned in your letter that it was a "maiden attempt" to develop Indian Highway Capacity Manual and Vehicle Occupancy was not considered.

Since more than 21 months have passed since your "maiden attempt", I wish to know if any further attempts have been made to develop the Indian Highway Capacity Manual by including "Vehicle Occupancy" as a factor -

If yes, kindly provide me the document which gives information about the role of "Vehicle Occupancy" in Traffic Management.

Postal order No 50 F 555598 for Rs 10 is attached

Thanking you,

Yours faithfully

Subject:- Request for information under RTI Act 2005.

Dear sir/madam

Information seeking for

1. The name(s) of the deciding competitive authorities approved the letter as attached in the annexure 1 and their designation. Since the authority(s) approved in the letter has no name and designation under the approval statement.

If all the information asked were given to the applicant as per RTI act 2005 before attempting to first appeal. There would have not been so many RTI applications. Just by highlighting, showing list of RTI applications and saying Duly replied is not the final decision the application has to accept.

It has been noted that:

Comments are made on applicant saying, "The applicant, [redacted] was a candidate for the post of Technical Assistant advertised through Advt No. 01/PC/Tech-2019 and dated 07.03.2019 and he was not selected for the same. And making repeated RTI applications" **to deviate the subject not to give actual information asked in the RTI application.**

Reply to the above comments "for getting information being Indian citizen the applicant, it was not at all required to comment on applicant saying the above statement, whether he is selected for the post or not."

It is the right of the candidate to evaluate himself where he is positioned in the merit transparently in the recruitment process, which is hidden till now transparently and appointment was issued bypassing the intermediate stages.

1. The applicant asked for inspection, the inspection was rejected.
2. The selected candidate marks provided in two RTI replies were not same in terms of marks.
3. The applicant OMR was intentionally rejected in giving false reasons and now it has been said applicant is harassing PIO's.
4. Filing noting asked not provided.
5. The marks were created with new OM after applicant sought for information.
6. Some of the quires were not answered by giving false information.
7. The applicant has also filed second appeal for misguided information provided by the PIO's.

The applicant had also communicated through mail to FAA before attempting to second appeal but after disposal of First appeal not to rise new RTI application, but no reply the applicant has received for few RTI appeals.

It is totally evident from the above that PIO's is trying hard to deviate the applications attempt in failing to provide the information asked by the applicant. In addition, answering the way they want.

(827)

829(4)

In view of the above it is also requested to provide the information of earlier RTI applications which were not answered but disposed along with this application.

The RTI applications/ First appeal

1. CRRIN/R/E/20/00042 improper reply has been received
2. CRRIN/R/E/20/00048 not answered quires
3. CRRIN/R/E/20/00051 not answered quires
4. CRRIN/R/E/20/00054 not answered quires
5. CRRIN/R/E/20/00055 not answered quires
6. CRRIN/A/E/20/00013 not answered quires
7. CRRIN/A/E/20/00014 not answered quires
8. CRRIN/A/E/20/00015 not answered quires
9. CRRIN/A/E/20/00016 not answered quires
10. CRRIN/R/E/20/00040 Inspection request rejected.
11. CRRIN/R/E/20/00042 Inspection request rejected.
12. CRRIN/A/E/20/00013 Inspection request rejected.
13. CRRIN/A/E/20/00011 not genuine information provided.
14. CRRIN/A/E/20/00012 not genuine information provided.

If "all the available information provided" then please allow the applicant for inspection instead of denying.

Thanking you;

दूसरों की आस्था का सम्मान करना गांधी जी के दर्शन का हिस्सा था। उनका यह दृष्टिकोण सत्य और अहिंसा के उनके युगल सिद्धांतों का परिणाम था। वे सभी धार्मिक आस्थाओं में सत्य का दर्शन करते थे। मानवता के प्रति उनके प्रेम ने ही उन्हें अन्य सभी से अपने भाइयों की तरह प्रेम करना सिखाया। उनकी धर्म-निरपेक्षता का यही आधार था जिसे हमने भारत के गणतंत्र के सिद्धांत के रूप में स्वीकार किया है। इस युगल संकल्पना में उनका यह दृढ़ विश्वास ही था जिसके कारण वे अस्पृश्यता से घृणा करते थे। उन्होंने बड़े ही दुखपूर्वक यह जोर-शोर से कहा कि यदि हिन्दुत्व ने अस्पृश्यता का त्याग नहीं किया, तो उसका कोई भविष्य नहीं रहेगा। हम उनके सिद्धान्तों के वारिस हैं और हमें अपने दिलों में झांकना चाहिए कि हमने गांधी जी के दर्शन को अपनी दिन-प्रति-दिन की जिंदगी में कहां तक अपनाया है।

नवोन्मेष के बिना ज्ञान की कोई उपयोगिता नहीं है। नवोन्मेष की प्रक्रिया के माध्यम से ही ज्ञान को समृद्धि एवं जन कल्याण में परिवर्तित किया जाता है। नवोन्मेषक के लिए कुछ भी असंभव नहीं होता। नवोन्मेषक वही देखते हैं जो सब देखते हैं, किन्तु उनकी सोच दूसरों से भिन्न होती है। सच्चे नवोन्मेषक यथापूर्व स्थिति को स्वीकार नहीं करते और वे प्रेरणाओं को समाधानों में और विचारों को कार्यों में परिवर्तित कर देते हैं। ऐसे नवोन्मेषक तैयार करने के लिए जीवन और कार्य के प्रति सर्व-व्यापी मानस परिवर्तन की अपेक्षा रहेगी – निष्क्रियता की संस्कृति को सक्रियता की संस्कृति में, निरर्थकता की संस्कृति को विचारोत्तेजकता एवं कार्य की संस्कृति में, अत्मसंशय को आत्मविश्वास में और निराशा को आशा में बदलना होगा। इंडिया में 'आई' का अर्थ इनोवेशन होना चाहिए।

Question No.3

I quickly mixed with the teachers and students, and engaged them in a discussion on self-help. I put it to the teachers that, if they and the boys dispensed with the services of paid cooks and cooked their food themselves, it would enable the teachers to control the kitchen from the point of view of the boy's physical and moral health, and it would afford to the students an object-lesson in self-help. One or two of them were inclined to shake their heads. Some of them strongly approved of the proposal. The boys welcomed it, if only because of their instinctive taste for novelty. So we launched the experiment. When I invited the Poet to express his opinion, he said that he did not mind it provided the teachers were favourable. To the boys he said, 'The experiment contains the key to Swaraj.'

Question No.4

Since plastic takes several years to decompose, it is not environment friendly. It causes environmental pollution. Besides, the burning process in the synthetic material is quite slow and it does not get completely burnt easily. In the process it releases lots of poisonous fumes into the atmosphere causing air pollution. How can this problem be solved? The polybags carelessly thrown here and there are responsible for clogging the drains, too. Sometimes we are very careless and throw the wrappers of chips, biscuits and other eatables on the road or in parks or picnic places. Should we not think twice before doing so? As a responsible citizen what measures do you suggest to keep public places clean and free of plastic? Avoid the use of plastics as far as possible. Make use of bags made of cotton or jute when you go for shopping. The biodegradable and nonbiodegradable wastes should be collected separately and disposed off separately. Practise this in your homes. Can you suggest some other ways in which you can contribute towards reducing the use of plastic materials? It is better to recycle plastic waste. Make a list of items that can be recycled. Develop habits which are environment friendly.
